

Come Join The Celebration of the 50th Anniversary Meeting

NACRW North American Chemical Residue Workshop

NACRW Celebrates the 50th Anniversary of the
Florida Pesticide Residue Workshop
July 21-24, 2013
TradeWinds Island Grand, St. Pete Beach, Florida

Why you should attend:

- Gala 50 Year Anniversary Celebration
- Planned session topics with talks from top scientists in their fields include analysis of current and new pesticides, veterinary drugs, and other chemical residues in food and the environment, global trade issues, state lab activities, and more
- Short course and panel discussions on various topics
- Vendor exhibits and presentations
- Plenty of opportunity to speak to vendors and top scientists

Expected Submission Deadlines:

Oral presentations: April 15

Poster presentations: June 1

See final program and other details at: www.nacrw.org
